

elipson® | Classic **SUB 10**

POWERED SUBWOOFER - BASS REFLEX LOAD

The Elipson Classic Sub 10 is the centrepiece of the Classic Sub range.

More generous than its little brother, it features a 10" driver and 200 W amplification to deliver deeper, more powerful bass.

Designed for medium-sized living rooms, it provides the physical presence needed to bring films to life and give your music listening experience more body.

It is the ultimate versatile subwoofer, capable of supporting both bookshelf and floorstanding speakers.
