PRODUCT INFORMATION

SA-32MK

Hybrid Stereo Preamplifier

After several successful years, the time came to update our SA-32 preamplifier to better meet our customers' needs.

The updated MK version now features a built-in Bluetooth module. You can easily pair your smart-phone or tablet with the preamplifier and conveniently stream your music to your home audio system.

Internally, we have retained the proven circuit design of the predecessor. Four 6N16 tubes process the audio signal, lending the preamplifier its signature sound—characterized by high dynamics and musicality.

PRODUCT INFORMATION

SA-32MK

Hybrid Stereo Preamplifier

Despite its compact design, the SA-32 MK offers a wide range of connectivity options. In addition to the aforementioned Bluetooth function, the preamplifier features five stereo RCA inputs and one balanced XLR input.

Furthermore, it is equipped with three preamplifier outputs, one of which is balanced. This makes the SA-32 MK an excellent choice for customers interested in bi-amping.

TECHNICAL SPECIFICATIONS

Frequency Response:	20 Hz – 20 kHz ± 0.5 dB 20 Hz – 50 kHz ± 2 dB
Nominal Output Voltage:	2V
Total Harmonic Distortion:	< 0.1 % (1 kHz, 1 Watt)
Input Sensitivity:	500 mV
Signal-to-Noise Ratio:	> 90 dB
Input Impedance:	47 kOhm
Max. Power Consumption:	40 Watt
Inputs:	1 x Bluetooth, 4 x Stereo RCA, 1 x Stereo XLR
Outputs:	1 x Stereo RCA Rec Out, 2 x Stereo RCA Pre Out, 1 x Stereo XLR Pre Out
Tubes:	4 x 6N16
Colours:	Black / Silver
Weight:	6,2 kg
Dimensions (WxHxD):	430 x 77 x 360 mm
