

# RadioPRO INTEGRATION & INSTALLATION KIT FOR STINGER® HORIZON10™ AND HEIGH10® HEAD UNITS

\*Shown with HORIZON10

## INTEGRATION & INSTALLATION KIT FOR: 2013 - 2018 RAM Truck and 2019-2022 "Classic" Body Style

PAC's RAM Kit for Stinger's HORIZON10™ and HEIGH10® multimedia head units. The SRK-RAM13HX kit enables you to replace a factory radio with a show-stopping 10-inch multimedia infotainment system while retaining OEM features and maintaining a flush, factory look and feel!

### KIT INCLUDES EVERYTHING NEEDED FOR THE INSTALLATION

- Factory-Matched Radio Panels for HORIZON10 and HEIGH10
- CH4A-SRK RadioPro for RAM Vehicles
- Dash-mount dual USB, HDMI and AUX inputs
- External chime speaker
- Complete Plug-and-Play Installation Harnesses
- Adapters for AM/FM and SiriusXM (SXV Module Required)

### KEY FEATURES

- OEM feature retention: Steering Wheel Mounted Radio Controls, factory amplifier, reverse camera (if equipped)
- Enables on-screen gauges to monitor vehicle vitals such as battery voltage and coolant temperature
- Flush-mounted plastics for a seamless OEM experience
- Complete Plug-and-Play System: No Vehicle Modifications Needed!
- Compatible with both HORIZON10 and HEIGH10

Due to continual development, features and specifications are subject to change.
